

GREENAWAY CDA

WEED CONTROL AND SPRAYING SYSTEM

Greenaway provides a unique weed control system using the Controlled Droplet Application (CDA) principle, giving maximum efficiency with minimum environmental impact. The system was developed over twenty years and has been successfully established with local authorities, government agencies, the water industry, forestry and landscape contractors.

Herbicides are conventionally mixed with water and applied using a heavy knapsack. The droplet size is uneven resulting in fine mist that drifts onto plants other than the intended weeds as well as the operative and passersby.

The CDA system overcomes these problems. The herbicide is diluted in a specially formulated oil emulsion known as the 'Carrier'. The Verdy lance applies the solution giving optimum droplet size and greatly reduces volume per hectare.

GREENAWAY VERDY LITE LANCE

- The Greenaway 'Verdy' system is a hand held, pre-calibrated, pumped, controlled droplet lance designed to deliver the Greenaway range of approved adjuvant unifiers combined with a suitable active material.
- All products applied at 10L per hectare from a 5L backpack - 3300m² per pack.
- Pumped system gives consistent application rate.
- Pre-calibrated - simple to use.
- Re-chargeable battery system giving 8-12 hours between charges.
- Single atomiser disc at all width settings - no changing disc.
- Ergonomically designed to allow operator to use without fatigue all day.
- 5L back pack shaped to fit snugly to operator to give a sealed system performance.

NAD

GREENAWAY CDA

WEED CONTROL AND SPRAYING SYSTEM

GREENAWAY VERDY LITE LANCE

code POWA03

GREENAWAY VERDY LANCE CHARGING LEAD

code POWA09

CLEANFLEX

5L Bottle

code CLEA02

Specifically formulated for cleaning and neutralising Greenaway and other CDA lances.

BYOFLEX

3.75L

code BYOF01

15L

code BYOF03

Boxed pack

code BYOF02

Biodegradable vegetable oil emulsion adjuvant specifically formulated to be used in conjunction with all non-hazardous glyphosate.

HOLSTER OIL

3.75L

code HOLS06

Adjuvant oil for use with use of Pistol.
For use with Pistol: 3.75L Holster Oil + 1.25L Pistol combination.
Residual action and control of emerged weeds for non-crop areas.

COMPREHENSIVE LANCE SERVICE

code SERV01

This service is available. Please call our Sales Office.
Tel: 01 8437808 (press 1 for Sales Team).

Note: As per the Safety, Health & Welfare at Work Regulations, it is required to use Personal Protective Equipment when working with pesticides. Please see our PPE range from page 132.
