

# GREENAWAY CDA

## Weed Control and Spraying System

**Greenaway** provides a unique weed control system using the CDA principle, giving maximum efficiency with minimum environmental impact. The system was developed over twenty years and has been successfully established with local authorities, government agencies, the water industry, forestry and landscape contractors.

Herbicides are conventionally mixed with water and applied using a heavy knapsack. The droplet size is uneven resulting in fine mist that drifts onto plants other than the intended weeds as well as the operative and passersby.

The Controlled Droplet Application (CDA) system overcomes these problems. The herbicide is diluted in a specially formulated oil emulsion known as the 'Carrier'. The Verdy lance applies the solution giving optimum droplet size and greatly reduces volume per hectare.

**Greenaway Verdy Lite Lance**

code **POWA03**

**Greenaway Verdy Lance Charging Lead**

code **POWA09**

- The Greenaway 'Verdy' system is a hand held, pre-calibrated, pumped, controlled droplet lance designed to deliver the Greenaway range of approved adjuvant unifiers combined with a suitable active material.
- All products applied at 10L per hectare from a 5L backpack - 3300m<sup>2</sup> per pack.
- Pumped system gives consistent application rate.
- Pre-calibrated - Simple to use.
- Re-chargeable battery system giving 8-12 hours between charges.
- Single atomiser disc at all width settings - No changing disc.
- Ergonomically designed to allow operator to use without fatigue all day.
- 5L back pack shaped to fit snugly to operator to give a sealed system performance.

### Improved Sprayer Head

# GREENAWAY CDA

## Weed Control and Spraying System

### BassFlex

3.75L

code **BASS**

Adjuvant oil for use with Basta Herbicide.

### CleanFlex

5L Bottle

code **CLEA02**

Specifically formulated for cleaning and neutralising Greenaway and other CDA lances.

### ByoFlex

3.75L

15L

Boxed pack

code **BYOF01**  
code **BYOF03**  
code **BYOF02**

Biodegradable vegetable oil emulsion adjuvant specifically formulated to be used in conjunction with all non-hazardous glyphosate.

### Holster Oil

3.75L

code **HOLS06**

Adjuvant oil for use with use of Pistol.  
For use with Pistol 3.75 oil + 1.25L Pistol combination.  
Residual action and control of emerged weeds for non-crop areas.

### Comprehensive Lance Service

code **SERV01**
