

TREE MAINTENANCE

TREE TIES AND SPACERS, TREE GUARDS, CUTTING TOOLS

TREE TIES – BUCKLE

The tie itself consists of a belt, buckle and collar which means that the belts can be slackened by the buckle as the tree matures with no damage to the tree.

45 cm / 18 inch

60 cm / 20 inch

SUPERSOFT TREE TIES

Made from very soft rubber with moulded grooves to prevent damage to the bark of the tree. Does not stiffen or split with age, weather resistant & UV stabilised.

30 cm / 12 inch

40 cm / 16 inch

45 cm / 18 inch

50 cm / 20 inch

60 cm / 24 inch
